

NEW THINKING. NEW POSSIBILITIES.

People's expectation toward individual mobility requires more than just a convenient means of transportation. The old understanding of cars has become outdated. A car represents individual lifestyles, and it became an integral part of their lives. At the same time, the automobile industry has experienced seismic change. Hyundai Motor Company has grown rapidly to become one of the largest automakers, backed by world class production capability and superior quality. We have now reached a point where we need a qualitative approach to bring trigger ideas and relevant solutions to our customers. This is an opportunity to move forward and we have developed a new brand slogan that encapsulates our willingness to take a big leap. Led by our new slogan and the new thinking underlying it, we will become a company that keeps challenging itself to unlock new possibilities for people and the planet.

HYUNDAI

NEW THINKING.
NEW POSSIBILITIES.

AZERA

**FIREWORKS,
SILK,
HEARTBEAT**

Power as explosive as fireworks
and control as precise as ice turn
every road into silk as you drive to
the beat of your heart.

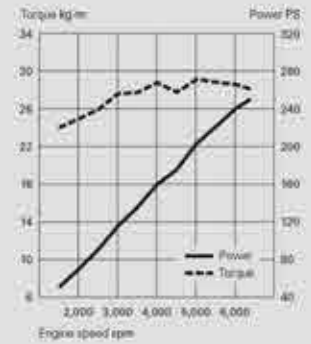

AZERA'S PERSONALITY

Soft yet powerful. Bold yet agile.
This is what you and Azera have in common.

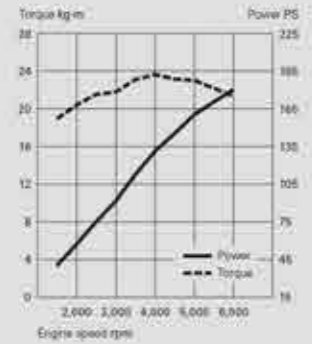

Lambda(λ) 3.0 MPI engine

Type	DOHC with Dual CVVT
Displacement	2,999 cc
Max. Power	250 ps / 6,400 rpm
Max. Torque	29.0 kg-m / 5,000 rpm

Theta(θ) 2.4 MPI engine

Type	DOHC with Dual CVVT
Displacement	2,359 cc
Max. Power	180 ps / 6,000 rpm
Max. Torque	23.6 kg-m / 4,000 rpm

6-speed automatic transmission

Developed using proprietary Hyundai Motor Company technology, the new 6-speed automatic transmission has dramatically reduced the number of parts as well as its weight for smoother operation, greater silence, and superior fuel efficiency. By eliminating the need for regular oil changes, the semi-permanent transmission offers convenience and economy.

Theta(θ) 2.4 MPI engine

With a maximum 180 ps output and 23.6 kg-m torque, the high performance Theta(θ) 2.4 MPI engine delivers dynamic driving under various driving conditions.

Lambda(λ) 3.0 MPI engine

With a maximum 250 ps output and 29.0 kg-m torque, the exceptional Lambda(λ) 3.0 MPI engine achieves power, silence, fuel economy, and eco-friendliness.

AZERA'S FORESIGHT

Always one step ahead of danger, Azera's remarkable foresight will keep you safe.

ESP (Electronic Stability Program)

ESP is a system that compares a driver's desired course of direction with the actual direction to help guide the vehicle according to the driver's intentions. It is particularly effective in stabilizing lateral movement in sudden turns and thereby provides a safer ride.

Smart cruise control

A radar sensor monitors the distance with other vehicles and automatically maintains optimum distance by controlling the engine and the brakes. The car advances automatically if the car in front stops and departs again within 3 seconds.

Front, rear, side and curtain airbags

Depowered driver's and front passenger's seat airbags for head-on collisions and side/curtain airbags for lateral collisions ensure maximum passenger safety in diverse driving situations.

Knee airbag

A supplementary knee airbag protects the knees of passengers in the event of a head-on collision.

Rear impact reduction seats

The backs of the seats are structurally optimized to minimize passenger injuries in the event of a rear collision by increasing their ability to absorb shocks.

ASD (Amplitude Selective Damper)

Whether driving on a smooth, well-maintained road or a bumpy, uneven one, a comfortable ride and steady handling are preserved.

Front suspension

McPherson-type front suspension increases tire traction while turning, delivering outstanding stability whether driving straight or turning a curve.

Rear suspension

Multi-link (5-link) suspension improves steering stability and minimizes shaking when driving and stopping.

Disc brakes

Larger front-wheel disc brakes allow for enhanced braking power.

AZERA'S DIFFERENCE

Details that soothe the eyes and the soul. This is the difference that sets Azera apart.

Navigation & Bluetooth hands-free system

An easy-to-use navigation system conveniently provides road directions, while the Bluetooth function makes it possible to make wireless phone calls hands-free.

*The Navigation & Bluetooth functions are only available in select regions.

USB & AUX input jacks

A built-in auxiliary port allows you to enjoy music files stored in portable devices directly on your car's premium sound system.

*iPod is a trademark of Apple Inc.

Supervision cluster with built-in color monitor (4.3" TFT LCD)

The cluster provides driving information such as flow of energy, fuel and battery status, tire pressure, and open door warning through a high-resolution full color 4.3" TFT LCD.

*Tire pressure alert is only available in select regions.

Cluster ionizer

The cluster ionizer keeps the air inside the car fresh through the electric discharge of microplasma in the air, breaking down toxic substances (viruses, bacteria, mildew, etc) and exhaust fumes from the outside. It also produces negative ions that help to make the air even more pleasant.

Interior mood lighting

Subtle lighting on the crash pad and the door trims create a luxurious sense of quality.

Lighting panel

LED lighting in the centre tray and cup holder covers creates a unique pattern that conveys a feeling of luxuriousness that can only be experienced in Azera.

Premium sound system

An expandable infinity amplifier delivers top-class audio quality through an 8 speaker (10 channels) system, making Azera the best mobile space for enjoying music.

*10 speaker (12 channels) only available in select regions.

Smart key & Engine start button

A cutting-edge smart key system makes it possible to lock and unlock doors by simply having the key on you and also to turn the engine on or off with a mere press of a button.

AZERA'S CONVERGENCE

Converging functionality and design, this is an idea that you and Azera share.

Radiator grille

Azera's wing-shaped radiator grille, reminiscent of a magnificent aircraft, not only conveys a sense of luxury, but also provides a dynamic driving performance with its enhanced engine cooling function.

Head lamps with LED light guide

The luxuriousness of the head lamps has been heightened by applying LED light guides and round-type LED position lamps. High-efficiency LED that minimizes energy consumption adds to the sense of satisfaction.

Fog lamps with clear lenses

Visually attractive with their sporty design, the fog lamps with the clear lenses secure visibility more effectively.

Chrome outside door handles

Luxurious chrome-plated outside door handles provide excellent grip and add a touch of design to the side of the vehicle.

Heated outside mirrors & Side repeaters

Outside mirrors, with built-in heat coils to prevent fogging in bad weather conditions, effectively enhance visibility. Side repeaters sporting both superior design and functionality also promote safer driving.

Fold-back electric mirrors

When coming within a certain distance of the car with the smart key, the outside mirrors unfold automatically to greet the driver and help him or her get started conveniently.

Door courtesy lamp

Interior lights turn on automatically upon opening the door to make preparing for driving safer and more convenient.

Door scuff lamps

Luxurious lamps at the door scuffs light up every time the door is opened, creating a special feeling whenever getting in and out of Azera.

Aero blade wipers & Rain sensor

Streamlined to minimize air resistance and improve adhesion to the windshield, the aero blade wipers conveniently adjust their speed according to the amount of rain.

LED high mounted stop lamp

The beautifully designed LED stop lamp is highly visible and helps cars following from behind to maintain a safe distance.

Wrap around LED rear lights

High-tech wide LED rear lamps project a luxurious image and help complete the dynamic and voluminous rear design of the vehicle.

Parking assist system

A highly convenient safety system with ultrasonic sensors sounds an alarm when the vehicle comes near obstacles during parking.

Dual exhaust mufflers

Dual exhaust mufflers integrated into the bumper provide outstanding exhaust performance and complete Azera's luxurious rear design.

245/45 R18 Hyper silver alloy wheels

Large-diameter wheels maximize the thrill of sporty and dynamic driving and also provide outstanding braking.

225/55 R17 Diamond cutting alloy wheels

Excellent traction ensures stable driving under various driving conditions.

225/55 R17 Alloy wheels

These high-performance wheels provide sporty driving and superior braking.

AZERA'S CONVICTION

The smallest detail can speak for the entire car, this conviction gave birth to your perfect match, Azera.

ECM (Electro Chromatic Mirror)

Push button operated, the ECM automatically senses and reduces light intrusion from following vehicles, dramatically reducing eye fatigue.

Steering wheel remote control

The remote control on the steering wheel makes it easy and convenient for the driver to control the audio system and functions like cruise control while driving.

6-disc in-dash CD changer system

A CD changer system that can accommodate up to 6 CDs has been mounted so that users can enjoy a variety of music according to their tastes and moods.

EPB (Electronic Parking Brake)

The parking brake is automatically activated when the vehicle stops, preventing it from rolling as well as sliding when restarting on a hill.

Heated steering wheel

A heated steering wheel eliminates the chill that drivers experience when first grabbing the steering wheel in the middle of winter.

Heated seats

The heated seats are particularly warm, cozy, and convenient in the winter.

Dual full auto air conditioning

Separate air conditioning for the driver's and front passenger's seats allows the interior temperature to be adjusted automatically to each one's needs for a pleasantly maintained temperature at all times.

Rear heating / Cooling ducts

Ventilation outlets installed separately for rear passengers help maintain a comfortable interior temperature during the four seasons.

Auto defogging system

Sensors mounted on the windshield detect and automatically remove moisture build-up to ensure safe visibility.

Solar glass

The solar glass effectively blocks UV rays from passengers and prevents the discoloration of the interior.

Manual side curtains

Side curtains installed in the rear side windows block the sunlight, protect the privacy of the passengers, and convey the elegance of a luxury sedan.

Electronic rear curtain

At the touch of a button, the automatic rear curtain blocks out the hot sun and keeps the interior cool even in the middle of summer.

Cooling glove box

The glove box with its cooling function helps keep beverages cool during the summer.

Door trim bottle holders

Bottle holders, located on all the door panels, increase convenience and efficiency for storing drinks.

Child seat anchor

A child seat anchor allows adults to mount a child seat more securely and ensure greater safety of the entire family.

Organ-type accelerator pedal

The operating direction of the accelerator pedal matches the stepping on of the pedal for a more natural operation.
